Course Objectives

1. Attendees will develop a better understanding of options related to the care and referral of concussion patients with persistent symptoms.
2. Attendees will gain knowledge about the use of the King-Devick Test as an assessment test in concussion management.
3. Attendees will be able to apply movement screens necessary for the implementation of appropriate injury prevention strategies.
4. Attendees will identify the components of the decision making process for activating spinal motion restriction of the spine injured athlete.
5. Attendees will demonstrate the evidenced-based practices for the selection of the different types of extrication equipment and transfers.
6. Attendees will explain how to conduct the processes needed for correct placement of the spine injure athlete on the spine board.

Non-Discrimination Policy

The Connecticut Athletic Trainers' Association (CATA) does not discriminate on the basis of race, color, national origin, religion, sex, disability, military status, sexual orientation or age. The CATA is committed to accessibility and non-discrimination in all aspects of its continuing education activities. Participants who have special needs are encouraged to contact program organizers so that all reasonable efforts to accommodate their needs can be made.

Statement of Credit:

The Connecticut Athletic Trainers' Association is recognized by the Board of Certification Inc. to offer CEUs for Certified Athletic Trainers. This program has been approved for a maximum of 6.50 hours of CEUs. The program is approved to offer 3 CEU's of EBP credit and an additional 3.5 CEU's of Category A CEU's to include the Post- Symposium Workshop. Certified Athletic Trainers are responsible for claiming only those hours actually spent participating in the continuing education activity.

Refund/Cancellation Policy

A \$50 fee will be assessed for registrants who cancel less than twenty-one days prior to a CATA event. For any cancellation equal to or greater than twenty-one days leading to the event, a full refund will be given. In addition, a full refund will be given to registrants if the scheduled event is cancelled for unforeseen reasons. Any questions or concerns, please contact the Treasurer of the CATA.

Speakers

Sarah Bullard is a licensed clinical psychologist and a diplomate in clinical neuropsychologist. She served as the Co-Director for Center for Brain Health which includes the Center for Concussion Care at Gaylord Hospital. She is now in private practice at River Valley Neuropsychology

Anne Pacileo is a physical therapist and outpatient site supervisor at Gaylord Hospital where she is active in the care of concussion patients.

Eric Scibek is a licensed athletic trainer and is a clinical assistant professor in the Department of Human Movement at Sacred Heart University. He has certifications as a Strength Coach and Conditioning Specialist, a Performance Enhancement Specialist and Functional Movement Screening

MaryBeth Horodyski is the Director of Research for the Department of Orthopedics and Rehabilitation at the University of Florida. She has over 100 publications in peer-reviewed journals and has served as the NATA Vice-President, NATA District IX Director and SEATA President. She is the Chairperson of the Executive Committee for Education and the Chair of the Interassociation Task Force for the Spine Injured Athlete. She will be inducted into the NATA Hall of Fame this summer in Houston, Texas.
